The Authority shall furnish, subject to the limitations hereinafter provided for, such quantity of water for domestic and farmstead purpose as The Member may desire in connection with his occupancy of the following described property:

The Member shall install and maintain at his own expense a service line which shall begin at his property line and extend to the dwelling and other portion of his premises.

The Member's service line shall connect with the distribution system of The Authority at the nearest place of desired use by The Member, provided The Authority has determined in advance that The Authority's water system is of sufficient capacity to permit delivery of water at that point,

The Member shall pay for such water at such rates, time and place as shall be determined by The Authority.

The Authority shall purchase and install a cutoff valve and may also include a water meter, in each service. Such cutoff valve and meter shall be installed at a point agreed upon between the user and The Authority. The Authority shall retain ownership of, and have exclusive right to use such cutoff valve and water meter and to turn it on and off.

The Authority shall have final jurisdiction in my question of location of any service line connection to its distribution system; it shall determine the allocation of water to Members in the event of a water shortage.

The Members agrees to provide The Authority, without charge to The Authority, but in consideration of the execution of this agreement by The Authority, such easements and rights-of-way as may be required for the purpose of installing, maintaining, removing and relocating such water transmission lines as The Authority may require in connection with its overall undertaking.

The failure of a Member to pay water charges duly imposed shall result in the automatic imposition of the following penalties:

- (A) Non-payment with ten days from the due date will be subject to a penalty of Ten (10) percent of that part of the delinquent account which does not exceed \$3.00 plus (3) percent of any delinquent amount in excess of \$3.00.
- (B) Non-payment within thirty days from the due date will result in the water being shut off from The Member's property.
- (C) Non-payment for sixty days after original due date will allow The Authority, in addition to all other rights and remedies to purchase The Member's Membership and terminate this membership. In such event The Member shall not be entitled to receive, nor The Authority be obligated to supply any water under this agreement.

In the event it becomes necessary for The Authority to shut off the water from a Member's property, a fee as determined by The Authority's approved rate schedule, but no less than \$50.00 will be charged for reconnection of the service.
